

Vote YES on IP26-645: Stop the Income Tax in Washington State

IP26-645 is an initiative to the people to repeal Washington's new income tax and prohibit state and local governments from imposing any tax on individual income. Your paycheck and your income are your property. **IP26-645** repeals the income tax framework enacted by SB 6346, but leaves the benefits for Washingtonians included in place.

→ THE INCOME TAX IS COMING FOR YOU.

- Leaked emails show the real plan: Jamie Pedersen and Bob Ferguson want an income tax on everyone.
- The tax was built to apply broadly, with only a million-dollar deduction and no cap to keep your income safe.
- The majority party is counting on you not paying attention.

→ YOU CAN'T TRUST THE INCOME TAX AUTHORS.

- They ignored constitutional limits.
- They bent the rules because they think the rules don't apply to them.
- Phil Talmadge, a Democratic former State Senator and State Supreme Court Justice, has said the tax did not follow the rules.
- Rep. Larry Springer (D-Bellevue) and Sen. Adrian Cortes (D-Battle Ground) have warned that the legislature should not be trusted to keep the income tax on just incomes over one million.

→ MORE SPENDING. WORSE RESULTS.

- Every governor for the last 14 years has promised that more money would solve the problems they created.
- Budgets doubled, but homelessness got worse, schools fell behind, and roads deteriorated.
- Bob Ferguson has more money than any governor in state history, and the problems are still getting worse.

→ PEOPLE ARE LEAVING.

- Wealthy taxpayers, business owners, and major employers are leaving Washington.
- Those who cannot leave will be hurt most.
- When the people targeted by this tax leave, government will not spend less, they will come after everyone else.

→ WHO OWNS YOUR INCOME?

- Jamie Pedersen says government owns your income and lets you keep some.
- We believe your income belongs to you: vote YES if you agree.
